

# HENNEPIN AVENUE

— Reconstruction Project —

## Construction Update

Volume 1: April 14–April 27, 2019

Full closure

Xcel Energy

Clearway Energy (Formerly NRG)

Water

Partial intersection reduction

Centerpoint gas

Telecommunications

City sewer

### WHAT'S HAPPENING

- Hennepin Avenue Utility Construction will begin Monday April 15th from 12th to 7th. This work will continue throughout 2019.
- Utility construction will consist of both Public and Private utility improvements, upgrades, expansion, relocations and replacements.
- Telecommunication companies will begin work between 12th and 10th Streets.
- Clearway Energy and Centerpoint Energy will begin work between 8th and 7th Streets.

### WHAT TO EXPECT

- Public and private utility work requiring the use of heavy equipment that will increase noise, vibration, and dust in work areas.
- Vehicle traffic congestion accompanying lane restrictions on Hennepin Ave. between 13th St and 6th St. Traffic will be reduced to one lane in each direction for the duration of utility construction. Lane restrictions will vary by block based on construction activity.
- Pedestrian detours as needed to facilitate construction needs. Greater impacts can be expected at intersections where work is occurring.
- Business access will remain open during the construction activity.
- Changes to Metro Transit. All Buses will be detoured to Nicollet Mall. Visit Metro Transit website for specific route information.
- No left turns on or off Hennepin Ave.
- Cross streets will be reduced to one lane at times.
