

HENNEPIN AVENUE

— Reconstruction Project —

Construction Update

Volume 53: October 11 – October 17, 2020

WHAT'S HAPPENING

- Utility construction will continue from 7th Street to Washington. This work will continue throughout 2020.
- Utility construction will consist of both Public and Private utility improvements, upgrades, expansion, relocations and replacements.
- Sanitary sewer replacement will continue between 5th and Washington until late fall 2020. There will be full closure of Hennepin from 4th to Washington.
- Xcel Energy will continue work between 5th and 7th.
- Roadwork will continue until Fall 2020 and full-closure of Hennepin between 7th and 12th Street. Local access only to parking ramps/lots.
- All intersections will be restricted or have lane closures throughout the summer and fall.
- Pedestrian detours will be set up at all intersections with some crosswalks closed.

WHAT TO EXPECT

- Public and private utility work requiring the use of heavy equipment that will increase noise, vibration, and dust in work areas.
- Vehicle traffic congestion accompanying lane restrictions on Hennepin Ave. between 13th St and Washington Ave. Traffic will be reduced to one lane in each direction for the duration of utility construction. Lane restrictions will vary by block based on construction activity.
- Pedestrian detours as needed to facilitate construction needs. Greater impacts can be expected at intersections where work is occurring.
- Business access will remain open during the construction activity.
- Changes to Metro Transit. All Buses are detoured to Nicollet Mall. Visit Metro Transit website for specific route information.
- No left turns on or off Hennepin Ave. in certain locations.
- Cross streets will be reduced to one lane at times.
